

2024 MOBI Working Groups (WG) Calendar

Last Updated: 12 December 2023

As we continually strive to enhance our collaboration and streamline our processes, we are excited to introduce a significant improvement to how we manage our WG calendar.

Why the Change?

In the past, managing WG invitations across various calendar applications has presented numerous challenges. Different member organizations use different calendar apps, therefore, when MOBI makes updates/changes to WG meetings they're often not reflected across members' calendars.

Introducing ICS Files for 2024

Enclosed in this document, you will find ICS files containing all WG meeting invitations for the entire year of 2024. Through this approach, we aim to:

- Streamline meeting management across different calendar systems.
- Provide a more organized and efficient scheduling experience.
- Ensure that all members have consistent and accurate meeting information.

Directions to Import MOBI WG Calendar

Step 1: Delete all working groups invitations from your calendar (2024 and beyond): To facilitate a seamless transition, we kindly request that you remove WG invitations for 2024 and beyond from your calendar. This step is crucial to prevent any confusion.

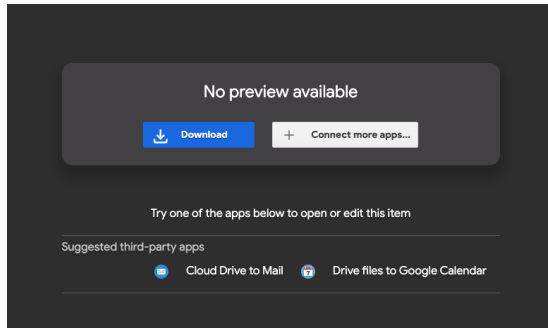

Step 2: Downloading the ICS Files (See below)

Step 3: Importing ICS files to your calendar: The process is straightforward. Download the ICS files below and upload them to your preferred calendar application. This will automatically populate your calendar with all WG meetings for 2024, ensuring you have all the necessary information at your fingertips. (See below)

Step 2: Download ICS Files

The files provided below encompass all WG invitations for the entire year of 2024. We ask you to download and import the files corresponding to the WGs you are currently involved in or wish to join. This will ensure your calendar reflects all relevant meetings for the upcoming year.

1. Click the links below that correspond with the WGs you would like to add to your calendar
2. Click the download button on your screen (see below)

For Google Calendar

1. Open Google Calendar: Go to Google Calendar in your web browser and sign in if needed.
2. Import the ICS File:
 - a. On the left side, find “Other calendars” and click the plus (+) sign next to it.
 - b. Select “Import” from the dropdown menu.
 - c. Click on “Select file from your computer” and choose the ICS file you've downloaded.
 - d. Choose which calendar to add it to (usually your primary calendar).
 - e. Click on “Import”.

For Google Calendar (alternative method if the sidebar isn't displayed)

1. Open Google Calendar: Go to Google Calendar in your web browser and sign in if needed.
2. Import the ICS File:
 - a. On the top toolbar, find the settings icon and click "Settings" from the drop-down menu.
 - b. Select "Import & Export" from the left sidebar.
 - c. Click on "Select file from your computer" and choose the ICS file you've downloaded.
 - d. Choose which calendar to add it to (usually your primary calendar).
 - e. Click on "Import".

For Microsoft Outlook

1. Open Outlook Calendar: Launch Microsoft Outlook and go to the calendar section.
2. Import the ICS File:
 - a. Go to the "File" menu, then "Open & Export" and choose "Import/Export".
 - b. Select "Import an iCalendar (.ics) or vCalendar file (.vcs)", then click "Next".
 - c. Browse to the location of the ICS file, select it, and click "Open".
 - d. Choose how you want the file to be imported (as a new calendar or imported into the existing one).

For Apple Calendar (Mac)

1. Open Calendar App: Open the Calendar application on your Mac.
2. Import the ICS File:
 - a. Go to "File" in the menu bar and select "Import".
 - b. Find and select the ICS file you've downloaded.
 - c. Choose the calendar to which you want to add the events (or create a new one).

For iOS (iPhone/iPad)

1. Send the ICS File to Yourself: Email the ICS file to an account accessible on your iOS device or use a cloud service.
2. Open the ICS File: Tap on the ICS file in your email or cloud service app.
3. Add to Calendar: Your device will prompt you to add all events contained in the ICS file to your calendar.
4. Confirm Addition: Review the details and confirm to add them to your calendar.

For Android Devices

1. Transfer the ICS File: Send the ICS file to your Android device via email or download it directly to the device.
2. Use a Calendar App: Android doesn't have a native ICS importer, so you'll need to use a calendar app that supports ICS files, like Google Calendar.
3. Import the File: Follow the steps for Google Calendar above, either on your device or via a web browser.

Important Tips

- Double-Check Dates and Times: After importing, verify that the events appear correctly on your calendar.
- Updates: If the ICS file gets updated, you might need to re-import it for the latest changes.
